1. Aims

- › Promote the spiritual, moral, cultural, mental and physical development of all pupils and their families.
- › Prepare children for the opportunities, responsibilities and experiences of later life.
- › Encourage children to value themselves and others
- › Encourage children to appreciate differences and diversity.
- › Teach children how to make informed decisions
- › Prepare children to be an active members of the community ›
Encourage an active and healthy lifestyle.
- › Provide an environment that allows for honest and sensitive discussions to take place.
- › Teach children how to manage their own emotions.
- › Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- › Help pupils develop feelings of self-respect, confidence and empathy
- › Help children to identify the characteristics of a healthy relationship
- › Create a positive culture around issues of sexuality and relationships

- Teach pupils the correct vocabulary to describe themselves and their bodies
- Ensure children develop an understanding of all relationships which fit with our school values of love, integrity, respect and forgiveness.

2. Statutory requirements

As a primary academy school we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).

We do not have to follow the National Curriculum but we are expected to offer all pupils a curriculum that is similar to the National Curriculum including requirements to teach science, which would include the elements of sex education, contained in the science curriculum.

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At Barton, East Cowton, Kirkby Fleetham and Ravensworth we teach RSE as set out in this policy which is in line with the overarching principles of Valuing all God's children.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – a member of staff pulled together all relevant information including relevant national and local guidance
2. Staff consultation – school staff were given the opportunity to look at the policy and make recommendations
3. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

RSE and PSHE is about the emotional, social and cultural development of pupils, and involves learning about healthy lifestyles, positive relationships with others, sexuality, the changes experienced when growing up, diversity and personal identity. RSE and PSHE involves a combination of sharing information, and exploring issues and values. It involves keeping children safe both on and off-line. It enables pupils to explore their own and other's attitudes and values and builds their self-esteem and confidence to view their own sexuality positively.

RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out in a 4 year rolling programme made up of a 2 yearly rotation for some subjects within this but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings (Year 5 & 6 only) ➤
- How a baby is conceived and born (Year 6 only)

For more information about our curriculum, see our progression document in Appendix 1

6. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum.

Our curriculum is designed in a cross-curricular way so ideas are linked through a themed approach to teaching and learning. As a group of church schools, we aim to foster respect for others and to celebrate difference, educating children about healthy relationships.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe
- Changes to our growing body

For more information about our RSE and PSHE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life, taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

SEND

As far as possible children with special educational needs should follow the same PSHE and RSE curriculum as other students. The needs of individual children will be taken into account and consultation with parents if it is considered inappropriate for a child to take part in a specific lesson.

7. Roles and responsibilities

7.1 The local governing board

The local governing board will approve the RSE policy, and hold the headteacher to account for its implementation.

7.2 The headteacher

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of RSE (see section 8).

7.3 Staff

Staff are responsible for:

- › Delivering RSE in a sensitive way
- › Modelling positive attitudes to RSE
- › Monitoring progress
- › Responding to the needs of individual pupils
- › Responding appropriately to pupils whose parents wish them to be withdrawn from the nonstatutory components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher. Class teachers will be responsible for the teaching of RSE in their classrooms.

7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents' right to withdraw

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

10. Monitoring arrangements

The delivery of RSE is monitored by Helen Dudman and Kirstie Petch through learning walks, pupil conferencing, evidence in books and work on classroom walls.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by The Headteacher bi-annually . At every review, the policy will be approved by the governing body.
